

A woman is shown in profile, looking upwards and to the right. She is wearing a large, red feathered headdress with a sequined band. Her makeup includes bright yellow and orange eye makeup. She is wearing a multi-strand necklace of red and black beads, and a large heart-shaped pendant with a black and white pattern. She is also wearing a red feathered garment at the bottom of the frame.

*Birds of  
Paradise*  
COLLECTION 2012

A future in jewellery seemed almost inevitable for Kat Gie. Her first foray into jewellery and business was at the tender age of 8 selling handmade clay pendants to her classmates. Kat then repeated this exercise later at high school with more sophisticated designs.

Pearls are also dear to Kat's heart. Her beloved Grandmother took a strand with her into a Prisoner of War camp in Indonesia in World War 2. Here, she hid these for 3 years in her undergarments and they are still proudly in Kat's family today.

Many years later Kat made her dream of creating beautifully unique and affordable designer jewellery a reality with Kagi. Since then

Kagi has captured the hearts of jewellery lovers worldwide and is proudly stocked in the top jewellery, department, and premium gift stores across Australasia.

*I believe every woman has what it takes to be fabulous and at Kagi we give you the tools to create your own unique look. Let your style take flight with our latest Birds of Paradise range and just like the birds themselves don't be afraid to show your true colours.*

## OUR GEMS

Kagi hand selects only the finest gemstones and pearls for our designs. Each and every gem is unique and as such has a natural variation that adds to its beauty. Along with their natural appeal, gemstones have long been believed to possess special healing powers:

### TURQUOISE

Turquoise is perhaps the oldest precious stone in man's history, it's the talisman of kings, shamans, and warriors. It is a stone of protection, luck, success and creativity.

### BRAZILIAN AGATE

Many of Kagi's pendants are made from hand cut Brazilian Agate. This is the perfect stone for balancing mind and body and finding your inner strength.

### WHITE CATSEYE

Kagi Cat's Eye is made of layers upon layers of super fine molten Quartz crystal fibres. Cat's Eye is believed to bestow good luck and fortune.

### SOUTH SEA RED CORAL

If you wish to attract love then Red Coral is the gem for you! It is also widely known as the 'Crystal of Passion' and considered to be the 'Blood of Mother Earth' by Native Americans.

### CUBIC ZIRCONIA

Kagi uses Cubic Zircons in place of real diamonds. Cubic Zircons are an ethical lab-created diamond simulant. These synthetic diamonds have stunning lustre, sparkle, and are optically flawless! Look out for products marked with *\*Cubic Zirconia* at the back of the catalogue.

## SURGICAL STAINLESS STEEL

We are proud to have the 316L quality seal for our Stainless Steel chain necklaces, bracelets and selected pendants. This means they are made from Silver plated 316L Surgical Grade Stainless Steel making them hypoallergenic, incredibly strong and affordable. Look out for products marked with the gold seal in the final section of this catalogue.

### SELECTING YOUR LENGTH:

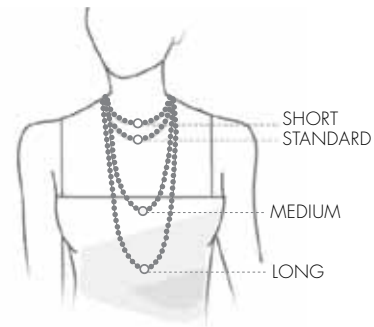

#### Necklaces

**SHORT** – 46 - 47cm. This length is perfect for women with petite frames or those who want their necklaces to fall just below the neckline.

**STANDARD** – 49cm. This is our most popular length (otherwise known as a princess length) and looks stunning with any outfit or neckline.

**MEDIUM** – 60cm. This style falls between the standard and long length and is known as the Matinee necklace. This is perfect for both casual and corporate attire.

**LONG** – 70cm+. This flattering long rope length falls below the chest and elongates your torso (known as the opera length).

#### Bracelets

To find your perfect fit simply measure your wrist circumference and if it's between 14.5 - 16cm then we recommend the **SMALL** size.

If your wrist measures between 16 - 17cm we recommend the **MEDIUM** size.

If your wrist measures 17cm + we recommend the **LARGE** size.
